that specified. For example, if a building is to be constructed that will contain only 30 Federal employees, upon agreement of the on-site official and the State licensing agency, the DoD Component may decide to provide a satisfactory site for a blind vending facility.

(3) When a DoD Component is leasing all or part of a privately owned building in which the lessor or any of its tenants have an existing restaurant or other food facility in a part of the building not covered by the lease and operation of a vending facility would be in substantial direct competition with such restaurant or other food operation, the requirement to provide a satisfactory site does not apply.

(d) Vending machine income generated by the Department of Defense shall be shared with State licensing agencies as prescribed in paragraph (d)(1) of this section. The on-site official is responsible for collecting and accounting for such vending machine income (as defined in § 260.3 of this part) and for ensuring compliance with the requirements of this paragraph.

(1) The vending machine income-sharing requirements are as follows:

(i) One hundred percent of the vending machine income from vending machines in direct competition with blind-operated vending facilities shall be provided to the State licensing agency.

(ii) Fifty percent of the vending machine income from vending machines not in direct competition with blind-operated vending facilities shall be provided to the State licensing agency.

(iii) Notwithstanding paragraph (d)(1)(ii) of this section, thirty percent of the vending machine income from vending machines not in direct competition with blind-operated vending facilities and located where at least fifty percent of the total hours worked on the premises occurs during other than normal working hours (as defined in § 260.3 of this part) shall be provided to the State licensing agency.

(2) The determination of whether a vending machine is in direct competition with the blind-operated vending facility is the responsibility of the on-site official subject to the concurrence of the State licensing agency.

(3) These vending machine income-sharing requirements do not apply to:

(i) Income from vending machines operated by or for the military exchanges or ships' store systems; or

(ii) Income from vending machines, not in direct competition with a blind-operated vending facility, at any individual location, installation, or facility where the total of the vending machine income from all such machines at such location, installation, or facility does not exceed $3,000 annually.

(4) The payment to State licensing agencies under these income-sharing requirements must be made quarterly on a fiscal year basis.

(e) Pursuant to 34 CFR 395.37, whenever any State licensing agency for the blind determines that any DoD activity is failing to comply with the provisions of 20 U.S.C. 107 and all informal attempts to resolve the issues have been unsuccessful, the State licensing agency may file a complaint with the Secretary of Education.

§ 260.7 Information requirements.

Within 90 days after the end of each fiscal year, the DoD Components shall forward to the PDUSD(P&R) the total number of applications for vending facility locations received from State licensing agencies, the number accepted, the number denied, the number still pending, the total amount of vending machine income collected (as defined in § 260.3 of this part, excluding income exempt from the income sharing requirements by § 260.6(d)(3) of this part), and the amount of such vending machine income disbursed to State licensing agencies in each State. These reporting requirements have been assigned Report Control Symbol DD–P&R(A)2210, according to DoD 8910.1–M, ''Department of Defense Procedures for Management of Information Requirements.''[3]
